
Welcome to Fremont Hills!

On behalf of the mayor, aldermen, and staff of the City of Fremont Hills, we want to welcome you to our great city. We are looking forward to the opportunity to meet you. As a new resident, we are providing you with information below that we hope you find beneficial, and we always welcome your call any time you have questions regarding Fremont Hills.

Information about the City

We are a fourth class City located in Christian County, with a population of approximately 1049 residents. We were originally a subdivision and became a city in 1986. We have a mayor, 6 aldermen, 2 part-time employees, and a city attorney, our City office is located at 1953 Fremont Hills Drive, in the Fremont Hills Country Club. Monthly council meetings are held here on the first and third Thursday of each month, you are always welcome to attend.

Our residents pay a real estate and personal property tax, and we have a 1% sales tax paid by all the commercial and home-based businesses located in our city limits. Because our mail is delivered out of the Nixa Post Office (we do not have our own unique zip code), residents need to pay close attention when paying taxes on certain items to ensure the tax revenue is credited to the appropriate city (i.e. when paying sales tax on a car, make certain the clerk is aware that you are inside the city limits of Fremont Hills so we receive credit for the tax revenue and not the City of Nixa or the county). The only utility we own is our sewer system.

In order to maintain the integrity of the homes within our City, a set of Planning and Zoning Codes were adopted in 2000. In many cases, these codes take precedence over the covenants and restrictions, but the P&Z Commission refers to both sets of rules when considering requests of property owners when making external changes to their home.

The Design Review Committee reviews plans for any external changes a resident wishes to make, and they usually meet on the first and third Thursday of each month, if needed, contact Kay O'Neill at 725-6404 if you have such remodeling changes you might be interested in making. The City has also entered into an Intergovernmental Agreement with the Christian County Building Department for building code inspections.

Again, we welcome you to the City of Fremont Hills!
